

How to use the site.

From the homepage you will see 11 Subject matter boxes, each with the main headings of that section of the site.

Pick the Section you wish to view, by clicking the title.

On this page you will find further sub sections click on to the one you wish to visit.

This next page will show titles more specific to your search.

Click onto the sub section you are interested in and a page will appear explaining what the section is about and show a contents table of content available, click on the link on the right you are interested in and it will take you to it.

This is the same throughout the site.

If you wish to comment or start a discussion on anything you have looked at on the Homepage you will find a Bloggs page, enter that choose the section you want to comment on and leave your comment.

In the future it is envisaged that all sections will have designated comments boxes so discussions can take place.

Enjoy your visit.
