

Clearance operations carried out by 1 and 2 Troop (Civilian Searchers) 49 EOD Squadron RE. 1 July 1970 to 31 July 1971.

Details from files held in the RE Museum Archives.

This reflects a part of the BD/EOD History carried out by Civilian Clearance Operators, that gets forgotten, the contribution to clearance work that these civilian teams made and still do.

Interesting to note the costings that are included.

Tasks completed or started during the period 1 July 1970 to 30 September 1970. Civilian Troops.
